Vensan Drot

ABOUT ME

A seasoned full–stack web developer with over 3 years of hands–on experience. I enjoy solving complex problems and delivering high–quality products. I was parsing through 3rd (3/4) year of my Bachelor's degree in Computer science at INHA University in Tashkent when I moved to the United States. I am passionate about learning new technologies and developing my skills in web development. I aim to work on innovative and impactful projects that can make a difference in the world.

Full Stack Engineer   HydratioNation Jul 2023 – Aug 2023 (2 months)

- Took the comprehensive development of a website from scratch
- Implemented email communication functionality through NodeMailer
- Created a CRM system tailored to the company's needs
- Designed and I'mplemented an intuitive admin panel for website and product management
- Stack: TypeScript, JavaScript, Next.js + React.js, NextAuth, NodeMailer, ChartJS

Frontend Developer   AlifTech Jun 2021 – Nov 2022 (1 year 6 months)

- Developed and maintained web service and interface.
- Created Pixel–Perfect websites to match the web designs
- Identified and implemented dynamic web solutions in accordance with company standards and best practices
